All products must be installed according to Built With Foam's installation instructions, ANSI specifications, and the current year's TCNA handbook standards. All products installed in wet or exterior locations must be waterproofed. Each Built With Foam product is custom and made-to-order based on your specifications. Therefore, please double check your measurements before submitting them. We will also provide your written specifications in your receipt. If you notice an issue after submitting your order, please contact us as soon as possible at info@builtwithfoam.com.
